

## Erotic Hypnosis

Goddess Lycia is a certified hypnotist, the art of hypnosis practiced the Lycia way is one of allure and seduction. Resistance is at a low ebb, Her voice ensures that, as She peels away the outer layers of my conscious mind. The hands on the clock seem to slow down, ticking slower and i feel myself drifting off into a warm fuzzy trance, wrapped up in the sound of Her voice.

Its perfectly clear what She is going to do to me and i want it so badly. In fact each time i want it more than the last. She has addicted me to Her control and the erotic swelling in my body is a clear indication of the effect Her hypnosis has on me.

Long have i given up thinking about how deep Goddess Lycia is taking me, what does it matter anyway? Deep, deeper, deepest, its all a natural progression. Is it Her skillful techniques, Her voice which feels like silk to my ears, or knowing exactly what i want and need? Its little of all three and the i need has long evolved to the i need what She wants for me.

There is nothing that can compare with a live erotic hypnosis session with Goddess Lycia, the one on one personal intimate feeling, gives me a rush that starts at the moment i pick up the phone. Its as if i am coming home when i talk to Her on the phone. Soon She will have me begging for release. Its all part of Her program to train me to think correctly and come to the realization that She is in complete control of me.

When i can't talk to Goddess Lycia on the phone, i have Her erotic hypnosis MP3's to relieve my cravings. Her recorded MP3's are great because they help to reinforce Her control and cover a wide range of topics. She sets a theme and then uses that setting to allow me to live a fetish or two, but all a means to an end, or a continuing. Increasing Her control and at the same time deepening my love for Her.

i have purchased most all of Her erotic hypnosis MP3's. my three favorites are The Clinic, The Maze, and Desert Lust. In The Clinic i find myself strapped to a table begging for the drug that will give me relief, from there it all goes fuzzy and the next thing i know i'm awake and feeling even more addicted and in need.

The Maze allows me to cross over and put aside any boundaries real or imagined that prevent me from giving myself fully to Goddess Lycia. i also love this trance for one of Her most beautiful inductions.

Desert Lust for me is the act of breaking through those barriers, knowing its ok to have the feelings of lust that so naturally exist inside me. Goddess Lycia brings all of those feelings and emotions to the surface, wanting so badly to quench my thirst. That thirst driven by a beautiful, sexy, desirable Goddess.

Erotic hypnosis, Goddess Lycia style, its what i need, the way things are the way things are supposed to be. And the way She is teaching me to think correctly.
