

This is What Heaven is

Goddess Lycia recently had an auction for a custom MP3 and i was lucky enough to place the high bid and i won, YAY!

At the conclusion of the auction i received the official notice that i had won, i had been pinching myself to make sure that i wasn't dreaming, i was so excited, i've never received a custom MP3 before. i of course immediately sent Her the amount that i had bid. She instructed me to write down some things that i felt i would enjoy in the recording. She also gave the option of either a hypnosis recording or some other fetish related recording. There was no question that i desired that it be a hypnosis recording, i am a total weakling for Goddess Lycia's hypnosis and Her amazing voice.

After spending most of an entire day pondering the things i thought would have the most extreme effect on me, i have been deeply in love with Goddess Lycia for over a year and i want those emotional feelings to be even stronger. i sent off the email and She replied back thanking me and letting me know it would take about a week for Her to make the recording. i would have easily waited six months cause i knew this was going to be something very special, just as Goddess Lycia is special and worth waiting for.

Today i received a note from Her that She had a surprise for me, it has only been two days since the auction ended but i was hoping hoping hoping it would be the custom recording, and YAY it was. Do Y/you get the feeling that i had high expectations? Well there is no question that i did, it felt like Christmas morning when i was six years old.

i have just listened the custom MP3, the most extraordinary gift i have ever received in my life. As high as my expectations were, Goddess Lycia completely blew those expectations away. The recording is pure perfection, She used everything to exploit all my weakness for a beautiful Goddess with crystal blue eyes,

my whole body is glowing right now, throughout the recording, it was so personal, it was as if i was sitting in a room alone with Goddess Lycia. i felt the strongest deepest trance that i have ever experienced and i want to listen to it again and again. And i can! It is truly amazing, as Goddess Lycia is so special and amazing. i feel so close to Her, even more than before. i love Goddess Lycia so very much, i am deeply in love with Her. i am so lucky to have found Goddess Lycia She makes me so happy. Thank You Goddess Lycia Thank You <3<3<3 *meow*

If Goddess Lycia ever has another auction for a custom MP3 and you are looking for the ultimate personal experience in a recording, totally go for it!
