

## Fetish Videos

It has been a very busy week in Goddess Lycia's world. First thing She opened a new store at clips4sale.com. She has posted most of Her fetish videos there to make it easy to buy multiples or all, just add them to your cart. Clicking the below banner will take you directly to Her new store.

In addition to Her new store She has also made three new videos, i'm sure something to appeal to all needs, desires, and Goddess Lycia addictions.

The first video is titled "Fuck you, sweetie" which you can probably figure out by the name is a humiliation video. There is also an ample dose of tease and denial, smoking, and general craving of the most beautiful Goddess on the planet. You will also notice Her new ravishing blond hair. Goddess Lycia takes unfair advantage, its just the way things are.

Next is "Hypno Hair" which is an erotic hypnosis video featuring Her silky blond hair. Goddess Lycia hypnotizes you by brushing and playing with Her long, silky, and soft beautiful blond hair. i would swear when i watch this video that i can feel Her hair, it looks so beautiful, and i can breathe Her scent. She has me so completely mesmerized. This is an awesome video, but you probably already know that all of Goddess Lycia's videos are, so it just makes perfect sense.

The third and if i were tied up and forced to name a favorite of the three new videos it would be this one. She has titled it "Why you have a lipstick fetish." Goddess Lycia explains in simple terms why exactly it is that males happen to have a lipstick fetish. It's almost like a class but fortunately She doesn't require taking a quiz afterwards, cause i wouldn't be able to write. All the blood has flowed out of my hands to another part of my body. This video is so HOT and sexy, and what always gets to me is Her beautiful smile, i love that.

As i mentioned all the above videos can be found on clips4sale.com, but i would actually recommend a membership in Goddess Lycia's Femdom fetish cult. You may go there by clicking the above banner. If you join Her cult you get access to all of these videos as well as about twenty other videos, fetish pictures of Goddess Lycia, erotic stories that She has recorded and reads to you, and lots of other fun things to feed you Goddess Lycia fetish. If you really want to worship and serve a Goddess, absolutely join Her cult.
